WORK EXPERIENCE

UI/UX & Graphic Designer, Your Office Partners

Dubai, UAE | Jul 2025 – Jul 2026

- Led the UI/UX design of a ship chartering web application dashboard for UAE-based clients, simplifying navigation and information architecture for a more intuitive user experience.
- Delivered end-to-end product design for an HR software mobile application, from concept to high-fidelity UI and developer handoff.
- Redesigned the Your Office HR services dashboard for internal teams and external business clients, improving overall user experience by 50%.
- Developed a real estate website using React and JavaScript, implementing technical SEO best practices to achieve a 97/100 SEO score.
- Enhanced the UI and user experience of the official company website and published new blog content twice a week.
- Mentored an intern in building a new landing page to showcase HR service products, guiding the creation of mockups and design decisions.
- Produced social media creatives for regular publishing across all platforms, along with brochures, business cards, and print collateral, maintaining brand consistency across every touchpoint.

UI/UX Designer, NGEN LABS

Chennai, India | Feb 2024 – Jan 2025

- Architected with the UI/UX of a vendor management web application, creating intuitive vendor-tracking workflows tailored for non-technical users.
- Modernized the website of an oil and gas services company, restructuring a cluttered interface into a clean, organized layout with a clear visual hierarchy.
- Designed a new internal dashboard for a banking web application, focused on presenting key information in a clear, easy-to-navigate format.
- Crafted a multi-page website for a charity organization, featuring a clean, minimal, and responsive user interface.

Freelance UI/UX & Graphic Designer

Remote | Dec 2022 – Jan 2024

- Delivered a website for a Singapore-based university's AI event program within a tight two-day deadline, launching on time without compromising design quality.
- Refined logo designs for multiple startup clients across different industries, improving typography and color palettes to strengthen brand identity and visual consistency.
